

## A Visit from Founder & Past Director

This may be a voice from the past for some of you, but I am delighted to say I see a blessed future for WISE. In my recent visit, I found a well-cared for campus (thanks in part to several work teams) and a student body that is Spirit-filled, committed to their studies, and even joyfully performing their work duties around campus.

I am anticipating a great work for the Lord as they leave WISE and begin their ministries. The staff is being greatly used by the Lord, even amidst the adversities they have faced in their time here. They need your support and prayers constantly!

The struggles and trials of recruiting then guiding students through their studies, plus caring for the facilities, handling government regulations, etc. can become trying. And then seeing graduates and their ministries make it all worthwhile.

I got the opportunity to also be in Guyana and it so blessed me. I was able to meet with 16 grads there and see church projects underway too. They are doing an amazing work with little but the Lord's provision. My heart is always with WISE and this whole opportunity was balm to my soul. Thanks,

Sister Jackie Muter

### Student Spotlight

Daniel is our youngest student at WISE coming from Jamaica. He is thankful to his church family and immediate family sacrificing to get him here to study. Waking up early has been a new challenge when kitchen duties start at 5am. He loves being able to get to study the Word of God each day. Right now he is focused on formulating a message, preparing devotions, and learning how to teach. He hopes to go back to his church in a year and work as a minister in his own country.

## *Praises & Prayers*

*- Praise for a great Ladies Retreat for the community*

*- Prayers for our graduates serving all over- for their physical needs to be met.*

*-Prayers for potential students as applications are starting to come in.*

*- Prayers for families of our preschoolers to come to know the Lord.*

*- Prayers for God's provision through harder financial times.*

*- Prayers for our graduates in their last 2 months of study at WISE and for their transitions back home with families, jobs, and housing.*

On a rare Saturday after a full week of classes, some of the students and staff headed to the Atlantic side for some beach fun.

## Graduating Soon...

"I thank God for leading me here at WISE, and I thank also WISE's staff for doing a good job and also for everyone who gives their contribution for me to be a part of this learning process...I say thank you. I would be ashamed if what I learned here I only stored it up for myself. Now, God equips me for His service, I will not say that I am finished learning, because in the field of God we learn daily. However, what I received here, I will teach it to others to build them up and bring more people into the Kingdom of God." Andre, graduating in April

Mizzou Campus group came, helped flood victims and the school, and tried to make lots of MU fans. Below Bachelor Creek Church came and served and also helped put on a ladies Retreat in the community.
